In re U.S. Patent No.: 6,884,208

**PETITION REQUESTING CERTIFICATE OF  
CORRECTION TO CORRECT INVENTORSHIP  
PURSUANT TO 37 CFR § 1.324**

Sir:

Applicant hereby petitions for a Certificate of Correction to correct inventorship pursuant to 37 CFR § 1.324. The Applicant hereby requests that inventorship in the above-referenced patent be corrected to add Basil C. Linton as a joint inventor.

A Petition Requesting Correction of Inventorship Pursuant to 37 CFR § 1.48 (copy annexed) was previously filed on February 23, 2004, but was apparently never acted upon by the USPTO. When U.S. Patent No. 6,884,208 issued on April 26, 2005, the only inventor named was Lewis Albert Haws. Page 1 of the § 1.48 petition bears a stamp indicating receipt on

February 23, 2004 and a stamp indicating receipt of the \$130.00 fee. The \$ 1.48 petition was supported by statements of the original and omitted inventors (copies annexed) and by consent of the assignee (copy annexed). Also enclosed is a copy of the declaration of inventorship, signed by the original and omitted inventors, which was also submitted in support of the \$ 1.48 petition.

The Applicant requests that the previously filed request under 37 CFR \$ 1.48 now be treated as a petition to correct inventorship under 37 CFR \$ 1.384. Since the failure to act on the \$ 1.48 petition was the result of the USPTO's mistake, it is believed that this \$ 1.384 petition does not require the payment of any additional fee.

The Commissioner is hereby authorized to charge payment of any other fee which may be required by this paper or credit any overpayment of same to Deposit Account No. 50-3195.

Respectfully submitted,

**ORIGINALLY NAMED INVENTOR'S STATEMENT  
IN SUPPORT OF PETITION TO  
CORRECT ERROR IN INVENTORSHIP**

Sir:

As stated in a Declaration of Inventorship filed concurrently herewith, I am one of the original, first and joint inventors of the subject matter which is disclosed and claimed in the above-referenced patent application. In a previous Declaration filed concurrently with this patent application, I was the sole named inventor.

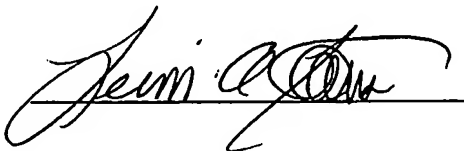

In or about November of 2003, it was brought to my attention that Basil C. Linton had been inadvertently omitted as a named inventor at the time of filing. At the time when I signed the original Declaration, I was also involved with several other patent applications, and I did not recognize or notice that Mr. Linton should have also been joined as a named inventor on this application. The error in the stated inventorship was the result of an oversight and occurred with no deceptive intent on my part.

Atty. Docket No.: ITW-14307

Mr. Linton participated in the conception of the invention recited in the pending claims of this application. Our new Declaration, filed concurrently herewith, declares that Mr. Linton is a joint inventor. Correction of inventorship in this patent application is respectfully requested.
